

UN Millennium Development Goals (MDGs) and Sustainable Development Goals (SDGs)

Millennium Development Goals (MDGs)

The Millennium Development Goals (2000-2015)

- Established at the United Nations Millennium Summit in 2000.
- Adopted by 193 UN member states.
- Intended to reduce global poverty and improve human welfare.
- Created measurable development targets to be achieved by 2015.
- Consisted of **8 goals, 21 targets, and 60 indicators**.

Focus Areas:

- Poverty
- Education
- Health
- Gender equality
- Environmental sustainability

Millennium Development Goals (MDGs)

MDGs 1–3: Poverty, Education and Gender

MDG 1: Eradicate Extreme Poverty and Hunger

- Reduce extreme poverty.
- Reduce the proportion of people suffering from hunger.

MDG 2: Achieve Universal Primary Education

- Ensure that children complete primary schooling.
- Expand access to basic education.

MDG 3: Promote Gender Equality and Empower Women

- Eliminate gender disparity in education.
- Improve opportunities and empowerment of women.

Millennium Development Goals (MDGs)

MDGs 4–6: Human Health

MDG 4: Reduce Child Mortality

- Reduce the mortality rate of children under five.
- Improve child survival and healthcare.

MDG 5: Improve Maternal Health

- Reduce maternal mortality.
- Improve access to maternal and reproductive healthcare.

MDG 6: Combat HIV/AIDS, Malaria and Other Diseases

- Halt and reverse the spread of HIV/AIDS.
- Combat malaria, tuberculosis, and other major diseases.

Millennium Development Goals (MDGs)

MDGs 7–8: Environment and Global Partnership

MDG 7: Ensure Environmental Sustainability

- Integrate sustainable development principles into policies.
- Reverse the loss of environmental resources.
- Improve access to safe drinking water and sanitation.

MDG 8: Develop a Global Partnership for Development

- Strengthen international cooperation.
- Address the needs of least-developed countries.
- Improve access to essential medicines and technologies.
- Strengthen development partnerships.

Millennium Development Goals (MDGs)

Bangladesh's Progress under the MDGs

Bangladesh made considerable progress in several MDG areas:

- Reduced the **poverty gap ratio**.
- Achieved **gender parity** in primary and secondary education.
- Increased **primary-school enrolment**.
- Reduced **under-five mortality**.
- Reduced **infant mortality**.
- Reduced the **maternal mortality ratio**.
- Improved **immunization coverage**.
- Made progress in controlling HIV, tuberculosis, and other communicable diseases.

Sustainable Development Goals (SDGs)

Why Did the World Move from MDGs to SDGs?

By 2015, significant development challenges remained:

- Poverty and hunger had not disappeared.
- Inequality remained within and between countries.
- **Climate change** became an increasingly serious global concern.
- Rapid urbanization created new environmental and social challenges.
- Natural resources and ecosystems faced growing pressure.
- Sustainable production and consumption required greater attention.
- Peace, justice, governance, and institutions needed to be included.

Therefore: **MDGs → expanded and transformed into → SDGs**

Sustainable Development Goals (SDGs)

Origin and History of the SDGs:

- The **Rio+20 United Nations Conference on Sustainable Development** was held in **2012**.
- Member States recognized the need for a broader and universal set of sustainable development goals.
- Extensive international consultations and negotiations followed.
- On **25 September 2015**, the UN General Assembly adopted the **2030 Agenda for Sustainable Development**.
- The Agenda established **17 Sustainable Development Goals**.
- The goals are supported by **169 targets**.
- Target year: **2030**.
- Unlike the MDGs, the SDGs apply to **all countries**.

Sustainable Development Goals (SDGs)

The 2030 Agenda and the 5 Ps

The SDGs represent a universal call to:

- End poverty.
- Protect the planet.
- Improve human well-being.
- Promote peaceful and inclusive societies.
- Strengthen international cooperation.

The Five Ps of Sustainable Development:

People – End poverty and hunger and ensure human dignity.

Planet – Protect natural resources and the environment.

Prosperity – Ensure prosperous and fulfilling lives.

Peace – Promote peaceful, just, and inclusive societies.

Partnership – Strengthen global cooperation to achieve the goals.

Sustainable Development Goals (SDGs)

Sustainable Development Goals (SDGs)

SDGs 1–6: People and Basic Needs:

1. No Poverty

End poverty in all its forms everywhere.

2. Zero Hunger

End hunger, improve nutrition, and promote sustainable agriculture.

3. Good Health and Well-being

Ensure healthy lives and well-being for people of all ages.

4. Quality Education

Ensure inclusive and equitable education and lifelong learning.

5. Gender Equality

Achieve gender equality and empower women and girls.

6. Clean Water and Sanitation

Ensure sustainable access to safe water and sanitation.

Sustainable Development Goals (SDGs)

SDGs 7–12: Economy and Sustainable Society

7. Affordable and Clean Energy – Access to reliable, sustainable, and modern energy.

8. Decent Work and Economic Growth – Inclusive economic growth, employment, and decent work.

9. Industry, Innovation and Infrastructure – Resilient infrastructure, sustainable industrialization, and innovation.

10. Reduced Inequalities – Reduce inequality within and among countries.

11. Sustainable Cities and Communities – Make settlements inclusive, safe, resilient, and sustainable.

12. Responsible Consumption and Production – Improve resource efficiency and reduce waste.

Sustainable Development Goals (SDGs)

SDGs 13–17: Planet, Peace and Partnership

13. Climate Action

- Take urgent action against climate change and its impacts.

14. Life Below Water

- Conserve oceans, seas, and marine resources.

15. Life on Land

- Protect terrestrial ecosystems, forests, land, and biodiversity.

16. Peace, Justice and Strong Institutions

- Promote peaceful societies, justice, accountability, and effective institutions.

17. Partnerships for the Goals

- Strengthen international cooperation, finance, technology, and partnerships.

Sustainable Development Goals (SDGs)

Major Characteristics of the SDGs:

Universal: Apply to both developed and developing countries.

Integrated: Connect social, economic, and environmental dimensions.

Inclusive: Aim to reduce inequality and **leave no one behind**.

Measurable: Supported by specific targets and indicators.

Long-term: Promote sustainable solutions toward **2030**.

Collaborative: Require cooperation among governments, businesses, communities, and other stakeholders.

Thank you all
